

UNDERWOOD OPENLY ENTERS SENATE RACE

Will Not Be a Candidate for Short Term, but for the Long.

TO LEAVE HOUSE IN 1915

His Election to the Senate by Direct Vote Is Predicted.

WASHINGTON, Oct. 4.—Formal announcement was made today by Oscar W. Underwood of Alabama, the Democratic leader of the House, that he will be a candidate for the United States Senate for the term that will begin March 4, 1915.

Mr. Underwood's entrance into the senatorial race in Alabama means that State is to have a political contest that is bound to attract national attention.

The race for the Senate will be a three-cornered affair. Representative Henry D. Clayton, chairman of the House committee on Judiciary, and Representative Richard P. Hobson, the ex-naval officer, are already in the field.

Friends of Mr. Underwood declare that he will win easily. Supporters of Mr. Clayton and Mr. Hobson also are optimistic. Mr. Clayton and Mr. Hobson are fine stump speakers. They are angry over the candidacy of Mr. Underwood and the fun soon will begin to fly in Alabama.

The nominating primary will be held in Alabama in March, 1915. The election will take place the following November. Victory in the primaries will be equivalent to election, as there is no political opposition to the Democratic party in Alabama worth the name.

First Election of the Kind.

Alabama will have in November, 1915, the first election of the kind to be held under a new constitutional amendment providing for the direct election of United States Senators by the people.

The Administration will keep its hands off the Alabama senatorial fight. However, there is reason to believe that the Wilson Administration or at the least the head of it feels a sympathetic interest in the Underwood candidacy.

Underwood has upheld the hand of President Wilson at all times, and he used his good offices in passing the bill and pushing the Administration banking and currency bill through the House. Mr. Underwood's statement announcing his candidacy follows:

"For the best part of ten years I have served the people of the Ninth Alabama district in the Congress of the United States. No man has ever been treated better by a constituency than I have been and in return I have tried to serve them faithfully and loyally.

Now that I have determined not again to be a candidate for Congress from the Ninth district, I wish to express to my friends and constituents my sincere appreciation of their friendship and loyal support of my political fortunes in the past twenty years.

"With the enactment of the tariff bill, I have completed the work in the House that has been my ambition to accomplish. Before retiring from public life I should like to have the honor of representing the people of the State of Alabama in the Senate of the United States and have therefore concluded to announce myself as a candidate for the Senate in the Democratic primary election.

"If elected I will devote my entire time and attention to the duties of the office and endeavor to make it one that will really serve the people of Alabama."

Significance of Candidacy.

Unusual interest attaches to the senatorial candidacy of Mr. Underwood. It is more significant than appears on the surface. It means that whether he will win or not Mr. Underwood will retire from the House on March 4, 1915. This will necessitate the election of another leader to direct the Democratic organization of the House.

The assignment will continue to be one of large importance if the Democratic party should continue in control of the lower branch of Congress in the closing two years of the present Administration.

WANT SHARE IN BRIDGE LINE.

Companies Already Using Tracks Petition to Be Stockholders.

The two chief surface lines in Manhattan and two or three subsidiaries of the Brooklyn Battery Tunnel Company have asked the Public Service Commission for the right to own stock in the Brooklyn and North River Railroad Company, which is operating cars from Brooklyn across the Manhattan Bridge through the Canal street to the North River. The cars of the Brooklyn and North River Company use all three lines.

The Brooklyn and North River Company asks permission to issue bonds of capital stock. It also asks for the approval of the franchise granted a month ago by the Board of Estimate. The commission is to hold a hearing on the stock of the New York City and County, the Coney Island and Brooklyn Railroad Company, the Third Avenue Railway Company, receiver of the Dry Dock, East Broadway, and Battery Railroad Company, the Brooklyn Heights Railroad Company and the Nassau Electric Railroad Company. They have agreed on adjustment.

The Public Service Commission has set October 15 for arguments on the applications.

COBBLER MURDERED IN SHOP.

Beaten With an Iron Pipe and Strangled to Death.

Joseph Consolo, a cobbler, was hard at work in his shop at 1033 DeKalb avenue, Brooklyn, Thursday night, when he was murdered. The murderer saw him. Friday the shop was closed and the blinds drawn.

Yesterday Police Captain Carlin of the Vernon avenue station broke in and found Consolo strangled to death. There were five wounds made by a piece of iron pipe on his head. The police have no clue as to who did it.

Consolo's wife and five children live in one room at 2419 Hoffman avenue. The Bronx. Consolo, who was 50 years old, came to this country from Italy eleven years ago and failed to prosper in the old country. It is said he owned a thriving shoemaking business.

NEW WAY TO SELECT CADETS.

Fifteen Candidates for West Point Take Rhodes Examination.

NEWBURGH, N. Y., Oct. 3.—Fifteen young men representing Ontario, Dutchess and Putnam counties today took the Rhodes system of examination for the vacant West Point cadetship from the twenty-sixth New York district.

Congressman Edmund Platt is a member in the Rhodes scholarship system, which is based on mental examination, physical training and athletic records, and the appointment will be made from the leaders. The Secretary of War will select the result of this test and if it seems of any advantage to the academy, will urge its adoption for all appointments.

PIERCE OIL CO. WILL FIGHT.

Wants Permission to Do Business in State of Texas.

ARLINGTON, Tex., Oct. 4.—The Pierce Oil Corporation, which recently succeeded to the business of the Waters-Pierce Oil Company, will make another effort to get permission to do business in Texas when the State Supreme Court convenes next month. It is said that the company will file mandamus proceedings against the Secretary of State to compel him to grant it a permit to operate in this State.

Soon after the Pierce Oil Corporation was organized it made application to enter Texas, and its purpose was to take over the business here of the Waters-Pierce Oil Association. The Attorney-General ruled that the new company was the Waters-Pierce Oil Company in the guise of another name and that the latter company, having been ousted from the State and forever barred from doing business here again, the new corporation could not be granted a permit.

The Pierce-Fordyce Oil Association is a joint stock company, which was organized when the Waters-Pierce Oil Company was ousted. H. C. Pierce is its principal stockholder. It does business only in Texas.

The Pierce Oil Corporation controls the Pierce-Fordyce Oil Association. By advancing \$1,400,000 to the latter, about 88 per cent. of the outstanding stock of the association was deposited with the new corporation as additional security for the \$5,000,000 notes which the Pierce Oil Corporation issued.

Mr. Pierce and his oil interests have been a perennial issue in the Democratic politics of this State for many years. It was through them that the political downfall of ex-Senator J. W. Bailey and a number of lesser lights in the public affairs of Texas was brought about.

BRYAN TO LECTURE AT SOUTHERN EXPOSITION

Will Speak at Knoxville at National Conservation Gathering—Other Dates.

KNOXVILLE, Tenn., Oct. 4.—Secretary Bryan will visit Knoxville and the National Conservation Exposition on October 11 to see the first exposition in history devoted to the cause of conservation. He will make an address on the exposition grounds in the afternoon.

The day on which Mr. Bryan will come to the exposition will also be celebrated as a Sunday school day. Twenty thousand Sunday school pupils from Knoxville, East Tennessee and other parts of the South will parade. It is expected that with Mr. Bryan as a drawing card attendance records will be broken.

There are several other events of prominence on the exposition calendar for the coming week, the chief among them being the visit of the committee from the United States Senate and House of Representatives. Speaker Champ Clark heads a committee of fifteen. The Senate has also voted to send a committee to Knoxville and the two committees will meet at the exposition on Monday next.

A big programme, including speeches and entertainment for these national lawmakers, has been arranged.

WASHINGTON, Oct. 4.—The Chautauquians may as well realize that they are not the only folks who can hear a lecture by the Secretary of State. It was learned at the State Department today that Mr. Bryan will leave on Monday for a week's speaking tour in the South.

His engagements include stops at Asheville, N. C.; Kings Mountain, N. C.; and Knoxville, Tenn. Mr. Bryan said this afternoon that on Monday he would make an announcement about the forthcoming trip.

The Secretary delivered lectures at three fairs in Virginia on as many days this week.

TWO LEAP TO DEATH AT FIRE

Incendiary Blaze Throws Ten Families Into Panic; 7 Persons Hurt.

GLEN COVE, N. Y., Oct. 4.—Ten families scrambled to get out of a burning place, which automobile ran over and killed an unidentified man as he was crossing Morningstar avenue at 11th street on Friday night, was sent for the Tombs on a charge of homicide yesterday afternoon pending a preliminary examination to-morrow by Coroner Heintzelman.

Sweeney, who was driving the car at the time of the accident, and who is said to have admitted that he was drunk, showed no signs of intoxication before the Coroner.

William Edwards of 235 West 124th street, a negro, lawyer who was with him in the car and who earlier in the day had been found guilty by Magistrate Freese on a charge of intoxication in the Harlem police court, was sent to the House of Detention as a material witness.

The dead man's body was not claimed yesterday.

POSED AS LORD A. INNES-KER.

Man Who Passed Bad Check in San Francisco Used Title.

SAN FRANCISCO, Oct. 4.—Fowler Ker, a young Englishman, who dressed in the height of style, confessed to-day that he was an impostor who has posed as Lord Alastair Innes-Ker, a well known polo player.

He passed a bad \$50 check on the St. Francis Hotel yesterday. When arrested by detectives he asserted that he was Innes-Ker, that his money troubles were due to the fact that he had tried to bank a large draft received from Australia. When detectives warned him he had better tell the truth or he would go to jail he admitted that he was not Innes-Ker.

A friend paid his bill at the hotel, so the management will not prosecute.

HELD AS PALISADES AUTOMOBILE BANDIT

Suspect Positively Identified by C. M. Pratt as Daring Robber.

ARREST MADE IN NEW YORK

Police Hope to Bring Home to Him Series of Holdups in Jersey.

A tall, thin, red mustached man who gave his name as Giuseppe Barbero, an Italian, 29 years old, of 448 East 117th street, was arrested at 115th street and First avenue at 5 o'clock last night as the man who held up Clarence M. Pratt of Edgewater, N. J., and Mrs. Pratt in their automobile on September 27 on the Edgewater road on the Palisades.

Mr. Pratt later identified the man positively as the highwayman. The detectives hope to be able to bring various others of the holdups on the Palisades within the last few months home to the prison.

The arrest was made by Detectives De Martin and Fogarty of the East 104th street station, who had obtained information recently about the man. The prisoner was locked up on a charge of highway robbery and as being a fugitive from justice.

Identification Seems Complete.

Barbero is of unusual appearance, around six feet in height, very thin, with a red mustache, which is noticeable because of his very black hair and general warlike appearance. Mr. Pratt said there was no doubt that he was the man who had stopped him and his wife and pointing a revolver at them had demanded and received what possessions they had with them.

As soon as the arrest was made the police communicated with the New Jersey police and Deputy Sheriff William Blauvelt of Bergen county brought Mr. Pratt to the station house. Barbero will be taken to Jersey to be connected with the other holdups.

The operations of the highwaymen on the lonely roads of the Palisades recently have become so numerous and so successful that residents of the district have been talking for some days of organizing vigilance committees.

Chief Magistrate William McAdoo and his brother Joseph were robbed in this district as long ago as last May. The Chief Magistrate is a confirmed pedestrian. On one of his trips, accompanied by his brother, two men armed with revolvers took their watches and money and got away without trouble.

The Chief Magistrate has been to Jersey and has looked over suspects arrested in other holdups since then, but has not been able to identify any of the prisoners.

Two Held Up in One Day.

There were two holdups, both of automobiles, on September 30. Mrs. Dan Williams of Plainfield was one of the victims. She was alone in her car at the time. Two men wearing masks stepped out from the underbrush, and covering her with revolvers demanded her money and jewelry. Mrs. Williams fled with her car and she was allowed to go on.

Ten minutes later John S. Mahon, a lawyer, came along in a machine with his wife and daughter. The car was stopped by two men, who demanded \$50, a watch and chain and two diamond rings on this second attempt.

The robbers shot holes in the rear tires of the car, and the Mahons were forced to make their getaway. One of the robbers was masked at the time, the other was not. They granted Mrs. Mahon's request to be allowed to keep one ring, a present from her son, who is now dead.

BROKER HELD FOR AUTO KILLING

Homicide Charge Against Sweeney. Said to Have Been Drunk.

THOMAS M. Sweeney, 32 years old, an insurance broker of 34 E. 12th street, whose automobile ran over and killed an unidentified man as he was crossing Morningstar avenue at 11th street on Friday night, was sent for the Tombs on a charge of homicide yesterday afternoon pending a preliminary examination to-morrow by Coroner Heintzelman.

Sweeney, who was driving the car at the time of the accident, and who is said to have admitted that he was drunk, showed no signs of intoxication before the Coroner.

CHESAPEAKE & OHIO REPORT.

Net Operating Revenue and Income Show a Falling Off.

Although the total operating revenues of the Chesapeake and Ohio Railway Company showed an increase of \$75,408 for the year ended June 30, 1913, net operating revenue, gross and net incomes show a decided falling off. This is explained in the statement of Frank Turnbull, chairman of the board of directors, as resulting from increased wages affecting all branches of service, larger taxes, especially in Kentucky, the heavy floods of last spring and the prolonged strikes in the coal mines along the company's lines.

The company earned 2.25 per cent on the \$22,792,600 common stock as compared with 6.81 per cent earned on the same stock last year.

Total operating revenue for the year aggregated \$25,087,728, as compared with \$24,289,869, an increase of \$797,859, while net operating revenues were \$10,837,718, as compared with \$11,641,183, the year previous, a decline of \$803,465.

The road's gross income for the fiscal year was \$12,589,254, against \$13,462,751 for the year ended June 30, 1912. Net income showed even a greater loss, being \$2,298,503 for the year of 1913, as compared with \$4,274,206 for the year of 1912, a decrease of \$1,975,702.

The company's operating expenses and loss account on June 30, 1913, was \$2,760,398, to which was added the net income of the past year, making the total \$4,058,901. After making deductions for dividends and discounts on securities, there was left for the balance to profit and loss on June 30, 1913, the sum of \$2,544,886, as compared with \$2,760,398 on June 30, 1912.

Mr. Turnbull in giving the reasons for the "adverse results" experienced by the road said that increased wages were given in all branches of service during the year amounting to \$325,000, that the taxes imposed on the company's property
